OF INCHES - WAIST

Pre-question: The next questions are about body measurements. We have enclosed a tape measure to help you. It is yours to keep. The information will be more accurate if you follow these suggestions: Make measurements while standing. Avoid measuring over clothing (even thin clothing can add a 1/4 inch). Try to record answers to the nearest quarter (1/4) inch. Use the diagram on the right as a guide.

Question: What is your waist size--that is, how many inches around is your waist? Please measure at the level of your navel.

FOCUS ON A FEW GOALS

Pre-question: The next few questions are about the way you decide what you want out of life and how you go about trying to achieve your goals. For each situation below, two different strategies are listed. Please indicate whether your own strategy is more like the one listed in column A or the one listed in column B. While they way you do things may be different depending on the particular goal, and may include parts of both strategies, please circle the answer that is true for you overall.

Question: When choosing my goals, my own strategy is more like - A: I prefer to choose one or two important goals and really focus on achieving them; B: I prefer not to limit myself - I keep my options open so I can take advantage of anything that comes up.

FOCUS ON A FEW GOALS 10 YRS AGO

Pre-question:
Now, please think about the way you were 10 years ago - think about how you decided what goals you wanted to pursue, and how you went about trying to achieve them. The next three questions are the same as the ones on the previous page, except we would like you to compare your own strategy 10 years ago with the ones listed in the columns A and B.

Question:
Ten years ago, when choosing my goals, my own strategy was more like - A: I preferred to choose one or two important goals and really focus on achieving them; B: I preferred not to limit myself - I kept my options open so I could take advantage of anything that came up.

CALM IN LATE 20S

Pre-question: Please think about what people in general are like in their late twenties (25-30 years old), in their late forties (45-50 years old), and in their late sixties (65-70 years old). By people in general, we mean most people in the United States as you see them. Please rate how much you think each of the following characteristics describes most people in each age group, using a scale from 0 to 10, where 0 means it describes them not at all and 10 means it describes them very much (Please circle a number on every line.)

CAREER PSYCHO TURNING PT

Pre-question: The following questions are about what we call "psychological turning points." Psychological turning points are major changes in the ways people feel or think about an important part of their lives, such as work, family, and beliefs about themselves and about the world. Turning point involve people changing their feelings about how important or meaningful some aspect of life is or how much commitment they give it.

Question: In the past 12 months, did you have a psychological turning point that involved your job or career? This could be an experience like increasing the amount of effort you put into your job or career, cutting back on your job to spend more time with your family, deciding to change careers, now or in the future, or leaving your job to do something different.

UPSET FOR FRIEND PSYCHO TURNING PT

Pre-question: Another kind of psychological turning point involves learning something new and very important about a person close to you. What these turning points have in common is the REALIZATION that this person is NOT THE PERSON YOU THOUGHT THEY WERE, either for the better or for the worse. This could be things like someone close to you making a major change for the better, finding out that he or she is doing something you disapprove of strongly, or learning that he or she is a stronger person than you thought.

Question: First, in the past 12 months, have you had a psychological turning point like this where you learned something very UPSETTING about a close friend or relative?

WHO DOES MORE HH CHORES

Question: Running a household involves a lot of chores (like cooking, shopping, laundry, cleaning, yard work, repairs, and paying bills), and couples vary in who does these things. Overall, do you do more of such chores, does your spouse or partner do more of them, or do you split them equally? If you have children, do not count childrearing tasks such as bathing them, taking them places, or helping them with their homework, but do include chores like doing their laundry, washing their dishes, or cooking for them.
